

Let there be light!

Once upon a time, the world was very, very dark. There was no light anywhere! God knew this was kinda scary. So, he said, "Let there be light!" He gave us the sun who shines on us everyday and makes us feel warm inside. Because of the sun, we are able to have grass, trees, flowers, and even little creatures. The trees give us air to breathe and the flowers grow big and tall just like you!

Every night the sun goes to sleep just like us. It reminds us the world was once dark before God gave us light. But in the night, God gave us little stars to remind us there is always light and there is always hope. Day and night. Let there be light!

Thank you, God, for giving us light- For day and night, and endless hope! Thank you for loving us and making the sun to shine upon us. Amen

Art Challenge:

You will need:

Something to draw with- I chose crayons.
Paper

Challenge:

Draw day and night! Is there a sun? Grass? Trees? Where are the stars? Is the sky light or dark?
Say thank you God!
