

Heart in Hand Creativity

Materials Needed:

2 contrasting colors of construction paper

Scissors

Pencil, Markers, and/or Crayons

Glue

Fold one sheet of paper hamburger style. Trace one hand with the thumb and pointer finger touching the fold. Cut out hand being careful of the finger tips at the fold. Unfold the hand to reveal the heart made by you traced hand. Glue the heart hands to the second sheet of paper. Use a marker to write: "I can show God's Love" across the fingers. Think about how can you extend God's love to others? Write or draw ways you can show God's love on and around your hands. Offer a prayer thanking God for sending the Spirit so you can do things.
